

SOUTH AFRICA 2008

The World Association of Laser Therapy

2008 Conference

19 - 22 October 2008
Sun City, South Africa

presented by the
**Laser Research Group, Faculty of Health Sciences of the
University of Johannesburg**

in collaboration with the
**Centre for Scientific and Industrial Research (CSIR)
National Laser Centre (NLC) & the African Laser Centre (ALC)
Department of Chemistry, Rhodes University**

Objectives:

- ❖ To exchange ideas and experiences and knowledge about Laser Therapy
- ❖ To develop and promote international collaboration between continents, countries, universities, research units, laser therapy centres and individual researchers and scientists.
- ❖ To bring together laser therapists, physicists, biologists, clinicians and educators with the view of promoting and highlighting the significance and importance of laser irradiation as a therapeutic treatment as well as the scientific mechanism underlying Laser Therapy.

Contact person:

Thereza Botha, Tel: +27 12-807 0869, Fax: +27 12 807 1699, e-mail:
